UN1760, Corrosive liquids, n.o.s. (contains Potassium hydroxide, solution), 8. PGII.

DANGER: CORROSIVE. Causes burns to the eyes, skin and gastrointestinal and respiratory tracts. May cause permanent eye damage and blindness. Harmful or fatal if swallowed. Avoid contact with eyes and skin. Do not inhale or ingest. Wear impermeable gloves, eye or face protection and protective clothing. Use in a well-ventilated area. Wash hands thoroughly after handling. Read Safety Data Sheet carefully before handling.

FIRST AID: Eyes: Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Remove any contact lenses. Continue to rinse for at least 15 minutes. Skin: Wash with plenty of water. Take off contaminated clothing and shoes. Wash before reuse. Ingestion: If conscious and alert, drink large quantities of water. Follow with citrus juice. Do not induce vomiting unless directed by medical personnel. Inhalation: Remove to fresh air.

If any irritation persists, seek medical attention immediately.

PELIGRO: CORROSIVO. Causa quemaduras en los ojos, la piel y los tractos gastrointestinal y respiratorio. Puede hacer daño permanente a los ojos y causar ceguera. Dañino o fatal si se ingiere. Evite el contacto con los ojos y la piel. No inhalar o ingerir. Lleve guantes impermeables, gafas o máscara de protección y ropa protectora. Use en un área bien ventilada. Lávese bien las manos después de manipular. Lea cuidadosamente La Hoja De Datos De Seguridad antes de manejar.

PRIMEROS AUXILIOS: Ojos: Enjuague los ojos inmediatamente con mucha agua, levantando ocasionalmente la parte superior e inferior de los párpados. Retire los lentes de contacto. Siga enjuagando durante al menos 15 minutos. Piel: Lávese con mucha agua. Quite la ropa y calzado contaminados. Lave antes de reutilizar. Ingestión: Si está consciente y alerta, beba grandes cantidades de agua. Siga con jugo de cítricos. No induzca el vómito a menos que lo indique el personal médico. Inhalación: Lleve al aire fresco. Si la irritación persiste, busque atención médica inmediatamente.

Caution: Do not mix with other chemicals. **Precaucion:** No mezclar con otras sustancias químicas.

This product is a high-grade dishwashing detergent for use in commercial automatic dishwashers. Its active soil and grease-cutting agents are formulated for hard or soft water. Safe to use on all types of china, flatware, pots, pans, aluminum, stainless and plastic. **Application:** Consult your dish machine's manufacturer booklet for best operating performance.

Este producto es un detergente de alto grado para maquinas lavaplatos comerciales automáticos. Sus agentes activos cortadores de manchas y grasa son formulados para cualquier tipo de agua. Seguro para usar en todos los tipos de porcelana, cubiertos, ollas, sartenes, aluminio, acero inoxidable y plastico. **Aplicación:** Consulte con el folleto de instrucciones de su maquina lavaplatos para mejor rendimiento.

This product may be used as a general cleaning agent on all surfaces or with steam or mechanical devices in all departments of official establishments operating under the federal meat, poultry, shell egg grading and egg products inspection programs of USDA. Before using this compound, food products and packaging materials must be removed from the area or carefully protected. After using this compound, all surfaces must be thoroughly rinsed with potable water.

Additional Hazard & Precautionary Statements: Keep only in original container in cool, dry place away from direct sunlight and heat. Store locked up. Do not eat, drink or smoke when using this product. May be corrosive to metals. Absorb spillage to prevent material damage. Concentrated product may be harmful to aquatic life. Avoid release of the concentrated product to the environment. Use up completely. Rinse container and use rinsate. Recycle empty containers or dispose to an approved waste disposal plant.
