

MATERIAL SAFETY DATA SHEET

PREMIER COMPANY, INC.
10811 ALBURY
HOUSTON, TEXAS 77096

Emergency Telephone
(713) 270-8811
Date Prepared: 5/20/08

SECTION I

Product Identity (Name / Number) Series One Pink Powder Suds / 9593

Chemical Family Alkaline Cleaning Compound

SECTION II - Hazardous Ingredients

Hazardous Components	OSHA PEL	ACGIH TLV	Other Limits Recommended	% (optional)

SECTION III - Physical & Chemical Characteristics

Boiling Point	Decomposes	Specific Gravity	Approximately 1
Vapor Pressure (mm Hg)	Not Applicable	Melting Point	Not Determined
pH	9 (for 1% solution)	Evaporation Rate (Ethyl Ether=1)	Not Applicable
Solubility in Water	Complete	Appearance / Odor	Light Pink Powder / Lilac

SECTION IV - Fire & Explosion Hazard Data

Flammable Limits (Explosive Limit)	Upper:	N/A	Lower:	N/A
Flash Point (Method Used)	Nonflammable			
Extinguishing Media	Water, water fog, carbon dioxide, dry chemicals.			
Special Fire Fighting Procedures	Wear full protective clothing and self-contained breathing apparatus.			
Unusual Fire and Explosion Hazards	None			

SECTION V - Reactivity Data

Stability:	Unstable	X	Stable
Hazardous Polymerization:	X	Will Not Occur	May Occur

Conditions To Avoid Avoid contact with acids except under controlled conditions.

Incompatibility (Materials to Avoid) Keep solution away from strong acids, strong oxidizers, aluminum powder, fluorine, molten lithium. Reacts with acids to release carbon monoxide, carbon dioxide, oxides of sulfur and heat.

Hazardous Decomposition or Byproducts Fumes of sodium oxide.

SECTION VI(a) - Health Hazard Data

Inhalation Acute exposure may be irritating to mucous membranes and the upper respiratory system.

Eye Contact will cause irritation which may be severe.

Skin Continuous contact may cause irritation. Remove all contaminated clothing.

Ingestion Will irritate mucous membranes and digestive tract.

Reported As Potential Carcinogen or Carcinogen

International Agency for Research on Cancer

X **Not Applicable**

National Toxicology Program

OSHA

SECTION VI(b) - First Aid Procedures

Inhalation Remove from exposure to fresh air. If breathing is difficult, seek medical attention.

Eye Flush eyes with plenty of water for 15 minutes, lifting upper and lower lids occasionally. If irritation persist, seek medical attention.

Skin Wash with water for 15 minutes. If irritation persists, seek medical attention.

Ingestion Rinse mouth with water. Dilute by giving 1 or 2 glasses of water if victim is conscious and alert. DO NOT induce vomiting.

SECTION VI(c) - Employee Protection

Respiratory Protection (Utilize NIOSH approved respirators. Refer to manufacturers protection factors and OSHA standard 1910.134 as a guideline.) If TLV of any hazardous ingredient is exceeded, use NIOSH approved respirator, fully enclosed.

SPECIAL PROTECTION INFORMATION:

EYE Wear goggles if contact with eye is possible. Eyewash facilities should be in close proximity.

SKIN Wear impervious gloves and full cover clothing.

VENTILATION Provide local exhaust ventilation where excessive dust may be released.

SPECIAL PROTECTION High concentrations may require air supply systems.

SECTION VII - Special Precautions

Handling and Storage Store in dry, cool area away from acids.

Other Precautions Material will cause slippery surfaces, especially when wet or in solution.

SECTION VIII - Environmental Protection

Spills / Releases Sweep up as much as possible for salvage or disposal. Wash residue with water into holding area for neutralization prior to discharge. Spilled material will cause slippery surfaces.

Waste Disposal Method Dispose of in accordance with applicable local, state and federal regulations.

DISCLAIMER

The information contained herein is based upon data available to us and reflects our best professional judgement. Since it is impossible to anticipate the conditions under which our products may be used, we cannot guarantee that the recommendations will be adequate for all individuals and situations. Each user of this product should determine the suitability of the product for his particular purpose and should comply with all federal, state and local regulations.

Our goal is to manufacture products with zero or minimal hazards. Our products are improved daily as up-to-date information and research is received from our suppliers to use products with less or no hazards. Please feel free to contact us for current information.
